OBJECTIVE

The technologies you've mentioned in your job post stood me out to me as I was working on a project, and I believe my profile fits this position as I have almost 4 years experience as a Full Stack Developer here in the Philippines.

SKILLS

Experience with:
- ASP.Net C# MVC WEB API
- Entity Framework
- Angular
- Android Xamarin
- MSSQL stored procedures and functions
- NodeJS
- AWS Lambda Functions
- AWS Serverless Deployment

EXPERIENCE

ADVANCE APP ENGINEERING ANALYST, ACCENTURE, INC PH
APRIL 2020 – PRESENT

Maintains, adding features, and bug fixing for the existing system. Used tools: NodeJS, C#, Angular, MSSQL, AWS Lambda Functions, and Azure Git.

PROGRAMMER II, SYSTEMS AND SOFTWARE CONSULTING GROUP, INC.
